## NISSWA JUSTICE HOLDS TWO BURGLARS AT BAY WITH GUN; ROBBERIES CLEARED

**R. L. Parks, Nisswa Garage Owner, Surprises Pair in Act of Robbing Place**

**Admit Stealing Mill City Car, Robbing Ft. Ripley P. O. and General Stores**

R. L. Parks, justice of the peace and owner of the Nisswa Garage at Nisswa is a hero today. He effected the arrest single-handed of two youthful desperadoes as they attempted to rob his place of business at 3:45 A. M. today, the arrest bringing about confessions by the pair of a series of robberies throughout the night.

With a coolness to be marvelled at Parks held the two at bay with a gun for more than half an hour until Sheriff Claus A. Theorin and his deputies, Charles Oberg and Sam Bloomstrom, arrived to take the two to the county jail.

In jail here the pair, Earl Granger, 19, Pine Island, Minn., and Ed Brown, Durham, N. C., confessed to the following crimes, perpetrated within six hours previous to their capture:

Theft of an automobile owned by A. G. Benjamin, Minneapolis, at the Mill City at 8:30 P. M.

Burglary of the Fort Ripley Post Office and Tucker Brothers' general store.

Burglary of the Johnson Brothers' general store at Fort Ripley.

Sheriff Claus Theorin traced the activities of the pair through grilling for more than three hours this morning.

After stealing the car in Minneapolis, Granger and Brown went to Fort Ripley, where at midnight they broke into the Fort Ripley post office and Tucker's store and stole \$15 in change and a watch. They then entered the Johnson Brothers' store and stole about \$10 in currency and a revolver.

Mr. Parks was asleep in the garage when the pair drove the stolen car to the rear of the garage. He was awakened by the low growling of his dog who had been sleeping on the floor nearby. Parks watched the pair pry the window open and crawl through.

Carefully he produced a revolver from a table drawer nearby, waited for the two to go to the cash register, then got up from bed, entered the garage office, switched on the lights and ordered the pair to "stick 'em up." Surprised, Granger and Brown threw their hands in the air and turned around to face their captor. Parks then notified his wife who is post mistress at Nisswa by telephone to call the sheriff immediately.

"There's something wrong over in the Nisswa Garage," Mrs. Parks told Sheriff Theorin. Immediately the sheriff and two deputies raced to Nisswa and found Parks seated on a chair "covering" the two. Deputy Sheriff Tony Bohke arrived about the same time.

Granger and Brown will be arraigned for preliminary hearing on burglary charges in municipal court tomorrow afternoon, Sheriff Theorin said. The two are expected to waive examination and be held to the district court. They indicate they will enter pleas of guilty.

Brown admits serving sentence in North Carolina for burglary. He said he was sentenced to two years but was paroled in six months. Granger served a 90-day sentence at Rochester, Minn., for stealing clothes from his step-father, he said.

The two met in Milwaukee, Wis., and started on what they termed a "bumming tour." They "celebrated" in Chicago, then started west.

They planned that if they needed money they would work in the Dakota while.

Parks reported that while he held the two they offered him a bribe of \$20 to release them. The pair knew when Parks smiled that there was no hope to evade the law.

The garage proprietor stated that it was the custom for an employee to sleep in the garage but that the employee was in the Twin Cities visiting. Mr. Parks said he had difficulty in quieting his dog while the burglars were entering the building.

After the Pequot bank robbery, Parks joined with a posse in an attempt to hunt down the bandits.

Mr. Parks' own version of the capture follows:

"I was not a bit nervous. It didn't bother me at all. I first knew that a robbery was planned after the dog awakened me by growling. I could see their flashlights in the front window as they looked over the stock. They could see the cash register and safe from there.

"The two then went to the side of the building, pried open the window and crawled in. I arose from my bed and waited for them. I switched on the lights and faced them with a .45 automatic. Both had flashlights in their hands. I was prepared to shoot if they made a false move. They raised their hands in the air and I told them to stand with their backs against the wall. I called my wife, who notified the sheriff.

"I searched the pair and took a gun off the younger man. They offered

## Theft Is Charged In Hotel Department

**LOVE HAS CLAMPED HEADLOCK ON OLD 'BULL' MONTANA**

Los Angeles, Sept. 13.—(U.P.)—Love has clamped a headlock on "Bull" Montana, the movie gentleman who wears two cauliflower ears as his diploma of the wrestling and boxing ring.

"Bull" and Mary Poulson Mathews, who is 23, blonde, a secretary and a widow, plan to be married some time next week.

"Dis love, ver' bad, throw me pretty hard," announced Montana, long the accepted human gorilla of the films. "Bull" blushing admitted that he was 41, a movie "star" and did wrestling as a sideline.

**BRITISH TROOPS INCREASE GUARD AT WAILING WALL**

**TROOPS CONCENTRATED ALSO AT ALL APPROACHES TO CITY AND GATES**

**ENERGETIC BOYCOTTS BY JEWS AGAINST ARABS AND VICE VERSA**

London, Sept. 13.—(U.P.)—Fear of new outbreaks in Jerusalem was indicated today by the augmented British soldiery placed at the wailing wall on the occasion of the Jewish ceremonies, according to Jerusalem dispatches to the London Daily Mail.

The reports said double guards of British troops also had been stationed at all the approaches to the city and at the gates.

Energetic boycotts by Jews against Arabs and vice versa were reported to be inflaming racial antipathy. The Daily Mail correspondent added it was reported that Palestine and Trans-Jordan Bedouins were holding secret meetings across the river and that the authorities, anticipating further trouble, had posted troops along the banks to prevent a possible incursion.

Tel-Aviv, Palestine, Sept. 13.—The Arab and Jewish press here united in an attack upon the high Arab officials today, blaming them for causing the riots which resulted in the death of hundreds of persons and necessitated the placing of many Palestine centers under virtual martial law.

The Arabic newspaper Alakdam sensationally reported that the villagers in the vicinity of Hebron, scene of the killing of 15 Jewish students were signing a proclamation addressed to Sir John Chancellor, high commissioner of Palestine, throwing the responsibility for the riots upon the grand mufti of Jerusalem.

Troops have begun to replace marines in this vicinity, obviously with the plan of remaining longer in Palestine than at first contemplated. Palestine was slowly beginning to return to normal, it was indicated today. At Haifa the curfew was raised to 9 P. M., although at Jerusalem and Jaffa it was unchanged.

**HUSBAND HAD 5 COMMANDMENTS FOR HIS SPOUSE**

Brooklyn, N. Y., Sept. 13.—(U.P.)—Jack Skolnick forgot to include in his "five commandments" to his wife the injunction that she must not sue for divorce. She did so on the ground as coveted the caresses of another woman.

These were the five commandments, posted by her husband in her bedroom, that have made Mrs. Skolnick chafe for a year.

"You are to remain home all hours of the day. No running around.

"You are to have no friends visit you. This includes your mother.

"You are to keep the house spic and span.

"You are to keep all secrets of the house to yourself.

"If you want to be happy, remain at home."

me \$20 to let them go but I laughingly refused. I kept them there until Tony Bohke came over from the Nisswa hotel. The sheriff and deputies came about the same time.

Authorities believe the flashlights used were stolen from Stodolka's Garage at Royaltown which was broken into last night. The burglars overlooked money in the cash register.

The watch taken from the burglars has been identified as one shipped from Little Falls C. O. D. to a customer in Fort Ripley.

The robbery at the Fort Ripley post office was the fourth since June this year and was the fourth arrest made for robberies there.

**AVIATOR THIN AND WEAK, WAS LOST 18 DAYS**

**C. F. MEWS, 21, SUBSISTED ON WILD BERRIES IN THE FAR NORTH**

**GIVEN UP AS DEAD WHEN HE DISAPPEARED ON EXPLORATION FLIGHT**

The Pas, Man., Sept. 13.—(U.P.)—Thin and weak from eighteen days wandering through the far north with wild berries as his only food, C. F. Mews, 21-year-old aviator, who had been given up as dead after he disappeared on an exploration flight, accepted with youthful modesty today the praise of veterans for his courage and perseverance.

Mews, pilot for the Northern Aerial Mineral Exploration Company, was forced down on Oxford Lake August 24 when his fuel ran out. He was found yesterday by Victor Partridge, an aviator, who was leading a searching party for him.

"I was all right," Mews told his rescuers. "There was no need to worry about me. I was walking to Oxford House and I would have reached there if one of the boys hadn't picked me up. I was glad Partridge did sight my smoke, though, as I was getting rather hungry."

Mews lost 27 pounds. His feet, bared to the rough walking by wearing out of the soles of his shoes, were raw and bleeding. He lived on emergency rations of four pounds of rye biscuits and tea for a few days but throughout the remainder of his wanderings existed on berries. Although the section was teeming with wild ducks, the lost pilot was without means of killing them.

The aerial search on which Mews was found was the last that had been planned. Indians had searched for several days and it was believed Mews either had been killed in a crash of his plane or had fallen from exhaustion and would die of starvation and exposure.

**2 BANK BANDIT SUSPECTS HELD**

**WRIGHT COUNTY GRAND JURY TO CONSIDER EVIDENCE AGAINST PAIR**

Buffalo, Minn., Sept. 13.—(U.P.)—A special session of the Wright county grand jury was called for 1 P. M. today to consider evidence against two youthful bank bandit suspects, held in connection with the \$3,200 robbery of the State bank of St. Michael on August 16.

County Attorney Thomas Welch, after asking Judge A. F. Giddings of Anoka to call the grand jury, announced he had prepared charges of bank robbery against the two men and in case of conviction will ask for sentences of life imprisonment.

The suspects, who gave Oklahoma as their home state and their names as Joe Hendricks and Harold Greenberg, were identified by R. A. Zachman, cashier of the St. Michael bank, as the two men who looted the bank and fled with the money after locking him in the vault.

Hendricks and Greenberg were arrested at Glencoe Tuesday by Sheriff A. T. Berthoff, who said he found them loitering in front of a bank. Wright county authorities said today the suspects had admitted planning to rob the Glencoe bank.

The men were described as about 25 years old, both of medium build and well dressed. They were said to have been found in possession of a stolen automobile.

**13 BRINGS LOT OF LUCK TO TAXI DRIVER**

Chicago, Sept. 13.—(U.P.)—Thirteen brought a lot of luck today, Friday the 13th, to William Kopriva, a taxi driver—all of it bad. Kopriva left his home at 1147 West 59th street at 3:10 A. M. The address adds to 13 and the time makes a similar total.

Thirteen minutes later he was accosted by two men, who in 13 seconds took \$13. Kopriva's total capital.

**Jeanne Eagles Suffering From Eye Infection**

New York, Sept. 13.—(U.P.)—Jeanne Eagles, the actress, is suffering from a serious eye infection and has been taken to a hospital for an operation, it was learned today.

**PLANE CRASHES INTO FLAGPOLE; KILLS 2 PEOPLE**

Carroll, Ia., Sept. 13.—(U.P.)—Two of three occupants of an airplane were killed outright here last night when the plane crashed into a flagpole and burst into flames. A third occupant was burned severely.

Thomas P. Craig, Des Moines, pilot, and Miss Faith West, Harlan, Ia., were killed. The injured passenger was James Farrell.

**ANOTHER TRAGEDY OF THE STORMY GREAT LAKES**

**ANDASTE AND ITS CREW OF 28 GO DOWN IN GALE ON TUESDAY**

**AIRPLANES AND COASTGUARD SEARCH ENTIRE ROUTE FOR GRAVEL-CARRIER**

Chicago, Sept. 13.—(U.P.)—With the failure of all coastguard airplane and radio searches, the disappearance of the ship Andaste and its crew of 28 during a storm on Lake Michigan on Tuesday seemed destined today to go down in history as another tragedy of the stormy Great Lakes.

With the exception of a shaggy Airedale, the Andaste's mascot which faithfully waited at the dock where ago, there were few who had not abandoned hope for the missing ship and its crew, several of whose names probably never will be known.

Airplanes and coastguard vessels returned today after searching the entire route on which the Andaste started from Guard Haven, Mich., to Chicago Monday night. They reported no traces of the ship or of lifeboats. Telephone search of all ports along the north and radio contacts with all vessels in that portion of the lake otherwise was fruitless.

Officials of the Andaste Steamship Company of Cleveland, owners of the vessel, said they believed that the ship, had it been afloat, could not have been missed during the thorough searches. A coastguard crew under Captain J. O. Anderson still planned further search today, however, and a private yacht owned by J. H. Oberlander was manned and proceeded on a last search.

The Airedale mascot, Queenie, had been left behind when Capt. Albert Anderson of Sturgeon Bay, Wis., took the Andaste on the trip to Grand Haven last week. Capt. Anderson, 64, has been sailing the Great Lakes for 45 years and has held a master's license for more than 30 years.

Adding to the mystery of the ship's fate was the character of its crew, many of whom were veteran sailors, homeless except for their bunks aboard various ships on the lakes.

The Andaste's officers, in addition to Anderson, were: Charles Brown, of Grand Haven, first mate; Frank Kasper, of Grand Haven, second mate; C. J. Kibbey, chief engineer; Ralph Wiley, Benton Harbor, Mich., second engineer, and Harry F. Lutz, Benton Harbor, third engineer.

The remainder of the crew was recruited from ports along the southern shore of the lake. Among them were H. Ramond, Joe Collins, Darwin Smith, H. Schutema, J. Bayles of Benton Harbor, W. Lorenz, Grand Rapids; George Watt, H. Whitaker and Theodore Torgerson of Owen, Wis.

**PASSENGERS ARE GIVEN ADDED THRILL**

St. Paul, Sept. 13.—(U.P.)—Passengers aboard a passenger train from the Twin Cities to Duluth were given an added thrill here Thursday night when their train shot a 60-mile clip through a four-acre block of flames caused by a lumber yard fire.

A dozen fire engines played water on the closed coaches as they shot through the raging flames. Three other passenger trains with cars of wood were held in the yards as were two freight trains.

The fire virtually destroyed the Osgood and Blodgett Manufacturing Company lumber yard. Loss was estimated at \$100,000.

**CONGRESS TODAY**

Senate  
Continues consideration of committee amendments to the tariff bill.  
House  
In recess until September 23.

**PUBLIC EXAMINER OF STATE FILES CHARGES TODAY**

**CHARGES EMBEZZLEMENT BY OFFICIALS IN HOTEL INSPECTORS' DIVISION**

**DECLARES \$1750 WAS STOLEN DURING 1928 AND LARGER AMOUNTS THIS YEAR**

St. Paul, Sept. 13.—(U.P.)—Embezzlement and theft of thousands of dollars by officials or clerks in the hotel inspector's division of the state board of health were charged today by Henry Rines, state comptroller and public examiner.

Rines declared that \$1,750 was stolen during 1928 and that larger amounts undoubtedly have been taken this year. False entries in the books of the department show the money was stolen in sums of \$3.50, according to A. R. Johnson, state examiner.

The investigators have discovered, Rines announced, that W. A. Wittbecker, state hotel inspector and head of the department, is not involved in the shortages.

Officials of the state examiner's office took charge of the inspection department books, locked the files and ordered that no employees of the license bureau be allowed access to the records.

Rines revealed that the persons in the offices had resorted to the most "ingenious" means in his experience to obtain the state funds. He said that licenses which were paid for in cash were immediately issued but that no permits were given when ordered by mail and paid for by check or money order.

The dishonest persons kept the cash payments of \$3.50 for hotel and restaurant licenses but issued to the persons who paid cash the permits that should have been given those who applied by mail.

In due time the establishments that applied for permits by mail complained to the department that they had not received their licenses and received in reply a typewritten statement which they were told to keep until "the books could be untangled and a license made out."

In this means, the public examiner declared, each license was sold two or more times and the dishonest clerk profited by \$3.50 on each sale.

Ten books of license blanks were said to be missing in the department and scores of false entries were discovered in the records.

Rines said all employees were being questioned in an attempt to learn the identity of the dishonest persons.

**DEATH STALKS IN WAKE OF FOREST FIRES**

**NEW FIRES REPORTED IN PACIFIC NORTHWEST REGION TODAY**

**AIR IS FILLED WITH HEAVY ACRID CLOUDS OF SMOKE**

Portland, Ore., Sept. 13.—(U.P.)—Death and serious injuries today stalked in the wake of a new forest fire in the Pacific northwest, that choked the air with heavy, acrid smoke clouds.

One man was killed and four others were injured when a flaming tree fell late Thursday while they were fighting a new fire near Mabel, northwest of Eugene, Ore., J. H. McCubbin, 45, of Eugene, was crushed to the ground by a blazing tree trunk and was dead before other firefighters could remove him to safety. He was the 13th victim among firefighters in the northwest.

The fire swept through a wide area of green timber and spread into Linn county. Additional men were sent on the line today to aid a crew of 70.

**Col. and Mrs. Lindbergh To Make Flight Over Tropical Countries**

New York, Sept. 13.—(U.P.)—Col. and Mrs. Charles A. Lindbergh will leave Miami, Fla., on Sept. 20 for a flight over to tropical countries.

The 7,000-mile good-will tour, which also will be an inspection of the Pan-American Airways lines, will be an almost exact reversal of the "circle tours" which Lindbergh flew several months ago in the Spirit of St. Louis.

This time he officially will open the air mail service between the United States and Dutch Guiana.

**CREW RESCUED AS FREIGHTER BREAKS UP ON ROCKS**

Seattle, Wash., Sept. 13.—(U.P.)—Gales, mountainous seas and thoughts of what might have been a watery grave, today flashed through the minds of the 38 members of the crew of the abandoned freighter Forest as they rested aboard the steamer Admiral Evans, en route from Alaskan waters to Seattle.

As the Admiral Evans proceeded here, the big 10,000-ton freighter lay broken on the rocks off Shell-Kof Straits, Alaska, lost beyond any hope of salvage.

Meagre reports here indicated that the rescue of the crew was accomplished only after the Salvage King had taken extreme risks in swinging near the doomed ship. The crew of the Forest was transferred later to the Admiral Evans.

**CONVINCED THAT REP. KVALE'S DEATH WAS ACCIDENTAL**

**WAS NOT OUTGROWTH OF QUARREL WITH TENANT ON HIS FARM**

**FAMILY TODAY IS PROCEEDING WITH PLANS FOR HIS BURIAL**

Fergus Falls, Sept. 13.—(U.P.)—Convinced that his death was purely accidental and not the outgrowth of a quarrel with a tenant on his farm the family of Rep. O. J. Kvale, who perished in a lake cottage fire near here early Wednesday, today went ahead with plans for his burial.

Authorities who reopened an investigation into the death of the only farmer-laborer in the house, announced that they were satisfied Kvale's reported differences with his tenant had been amicably settled and that his death was caused by the explosion of a kerosene lamp as was at first believed.

Funeral services for the dead congressman will be conducted from Our Savior's Lutheran church at Benson, his home at 2 P. M. Sunday.

Ottel county authorities continued their investigations, however, hoping to learn the exact circumstances surrounding the congressman's death. Two trained workers from the staff of Floyd B. Olson, Hennepin county attorney, arrived here and aided in checking the statements of neighbors and in examining the ashes of the destroyed cottage.

No evidence pointing to foul play was found, according to the staff of investigators, which include Andrew Cronmy, former Minneapolis police inspector, and Melvin Passolt, both of the Hennepin county prosecutor's office. County Attorney John L. Townley, Jr., Sheriff C. J. Tweton, and Coroner J. G. Vigen, all of Ottel county, announced they were convinced Kvale's death was accidental.

Kvale's differences with William Klimek, tenant on the farm, arose when Klimek was ordered to evacuate on Sept. 27 to make room for another tenant. Klimek asserted, however, that he was willing to leave the premises and that there was no ill feeling between himself and the congressman.

Sheriff Townley today was investigating the report of the purchase by Kvale a few hours before his tragic death of three gallons of kerosene. The tin container, two-thirds full, was found yesterday near where one corner of the cottage had rested.

Coroner Vigen expressed the conviction that the missing gallon of fuel was placed in the lamp which he was convinced exploded, threw oil over the interior of the cabin and caused a raging fire.

**First Woman is Arraigned Under the Baumes Law**

Minneapolis, Sept. 13.—(U.P.)—Ellen Fox, first woman to be arraigned in a Minnesota court under the Baumes (habitual criminal) law, today was under sentence to serve two years in the women's reformatory at Shakopee. She was found convicted of grand larceny and was charged before District Judge E. A. Montgomery with forgery.

**FAVORABLE TRADE BALANCE REPORTED**

Washington, Sept. 13.—(U.P.)—The commerce department today announced a favorable balance of trade of \$5,000,000 for August and a favorable balance of \$390,933,000 for the first eight months of 1929.

**SURVEY MADE BY CROP REPORTING SERVICE OF STATE**

**GREATEST CROP SHORTAGE ACCORDING TO REPORT, WILL BE IN POTATOES**

**REDUCTION OF NEARLY 14,000,000 BUSHELS FROM 1928 YIELD PREDICTED**

St. Paul, Sept. 13.—(U.P.)—Total yields of major crops in Minnesota this year will compare favorably with the long-time average, according to a survey issued today by the crop reporting service of the Minnesota department of agriculture.

The greatest crop shortage, according to the report, will be that of potatoes, in which a reduction of nearly 14,000,000 bushels from the 1928 yield is predicted. The Durum wheat crop will be more than 2,000,000 bushels less than last year, the report said, and smaller reduction were forecast for oats, barley and flax.

Promises of near-record corn yields in southern Minnesota lead to the prediction that the total production will be approximately 146,408,000 bushels, an increase of more than 2,000,000 over 1928. The comparatively small acreage of corn not yet fully matured should escape a killing frost, it was pointed out, and were it not for early season dry weather in the southeastern section of the state a record production might have resulted.

Little hope is maintained for a total yield of potatoes of anywhere near normal. Drought in the heavy producing areas of northern Minnesota have in many sections cut the crop in half and rains at this stage would be of little benefit, the survey said.

Average yield of potatoes at present was listed at about 82 bushels per acre as compared to over 100 bushels per acre last year. The year's total production was given as 24,838,000 bushels compared with 38,940,000 bushels last season.

The oat and barley crops in southern Minnesota were reported above the average, although the dry weather was blamed for a short straw crop throughout most of the state. The average oat yield was given as slightly over 35 bushels per acre and the barley yield was predicted as between 25 and 30 bushels.

Tame hay, buckwheat and apple production were predicted to be smaller than in 1928, but close to the average production over the past ten years.

Pasture conditions were reported as very poor with a consequent falling off in milk production. Egg production, however, was declared to be about average.

**SPEED BOAT WITH ROYALTY ABOARD LOSES PROPELLER**

Venice, Sept. 13.—(U.P.)—Miss America V, owned by Gar Wood of Detroit, lost its propeller and grounded with Crown Prince Humbert of Italy aboard today.

Miss America V was undergoing speed trials for its attempt to capture the prince's cup during the international motorboat races now in progress.

The boat later was refloated. No one was hurt.

**PRESIDENT HOOVER TO TOUR MIDWEST**

Washington, Sept. 13.—(U.P.)—The definite announcement that Premier Ramsay MacDonald of England will visit Washington early next month has made it virtually certain that President Hoover will carry out his tentative plan to visit Cincinnati, O., Louisville, Ky., and Detroit, Mich., late in October, it was learned at the White House.

**13 DIAMONDS IN ENGAGEMENT RING OF FLORENCE TRUMBULL**

Plainville, Conn., Sept. 13.—(U.P.)—There are 13 diamonds in the engagement ring of Florence Trumbull, who is to become Mrs. John Coolidge September 23, it was learned today.

A large diamond is flanked on each side by three smaller ones in the platinum engagement ring and there are six more relieving the filigree setting holding the jewels.

**Anglo-American Naval Discussions Coming to Head**

Washington, Sept. 13.—(U.P.)—Anglo-American naval discussions have now reached the point where the whole question of naval armaments is ready for consideration at a conference of all interested powers, Secretary of State Stimson said today.

## ARREST HERE FACES MANN ACT CHARGE

Absalom Shoop, Arrested Here on  
Warrant From New Rockford  
Indicted at St. Paul

Absalom Shoop, arrested at a farm house in Crow Wing county last spring and wanted by New Rockford, Ill., authorities for the alleged slaying of a policeman in a holdup, was indicted yesterday by a federal grand jury at St. Paul for the Mann Act for the transportation of a woman from New Rockford to this county.

St. Paul, Sept. 13.—(U.P.)—Names of some of the 86 persons named in 64 indictments returned Thursday by the federal grand jury which made a partial report to Judge John B. Sanborn, were revealed here today.

In addition to the secret indictment of 15 persons which yesterday was said to have included Oscar E. Dahly, former customs collector at Duluth, assertedly charged with conspiracy, the list was said to have included the following:

Joseph Kunda, arrested at Winona when a mob stoned federal agents charged with assault and resisting drink parlor. Kunda was arrested charged with assault nad resisting arrest.

Martin O. Sletten, Erksine, accused of using the mails to defraud in an assertedly illegal sale of mink furs.

Absalom Shoop, New Rockford, Ill., accused of violation of the Mann Act for the asserted transportation of a woman from his hometown to Brainerd.

Torjus Haugo, Fergus Falls, accused of sending obscene matter through the mails.

Albert Wanous, Edward Wanous, Albert Cole, Edward Haberman and Edward Levy, all of the Winona district, accused of liquor law violations.

Martin Kempa, Clarence A. King, Herman J. Mayers, James R. Fries, John W. Miller, Lloyd E. Waite, Cleve Culross, Emil Ross and Joseph Sigmond, accused of liquor law violations in the Fergus Falls district.

## OAKLAND HOLDS NATION - WIDE USED CAR SALE

One of the largest used car sales in the history of the automotive industry will be conducted during the 3rd week in September by the dealer organization of the Oakland Motor Car Company. In a majority of cities the sale is scheduled to start on September 14, with September 22 as the concluding day. Due to varying local conditions, however, the dates may differ slightly in some communities.

According to M. L. Buck, manager of used car sales for the Oakland Motor Car Company, most of Oakland's dealers will cooperate in establishing during the period of the sale a price reduction of twenty-five per cent on all inventories of used automobiles.

"This reduction," said Mr. Buck, "applies to every used car in stock, including the Good Will Used Cars which have won so many friends for Oakland-Pontiac dealers. Our Good Will used cars represent the best and safest buys in the entire used car field. They are automobiles of the better grade which have been turned in as part payment for a new Oakland or Pontiac Six.

"These Good Will cars are subjected to a reconditioning so thorough and complete that our dealers are enabled to give the buyer a standard guaranty of value and performance which per-

mits the Good Will automobile to be exchanged for any other car in stock in the remote event that it should prove unsatisfactory. The price tag on each Good Will used car also carries the name address of the former owner. This is done in order that the second owner may verify the accuracy of the information which the dealer has given him about the car."

## PAID WITH LIFE CRIME OF MURDER

"SMILIN" CARL HORD MEETS  
HIS END IN ELECTRIC  
CHAIR

Eddyville, Ky., Sept. 13.—(U.P.)—Steadied by the comforting words of a frail mother, who spent the last hour of life with him in a dark cell on death row, "Smilin" Carl Hord paid with his life the price of murder in the electric chair at Eddyville prison here early today.

He was followed by Ivan Hutsell who feigned indifference until the last few moments when he gravely mur-

mured: "God grant that all of you will take a lesson from this."

Clad in black the mother presented a sad sight to prison officials as they sought to comfort her after all means of saving her boy had been exhausted.

She spent the entire night seeking reprieve and the last straw of hope faded when Judge Ira A. Smith of Cadiz circuit court denied clemency.

Hord was convicted of killing Marion A. George, a Louisville grocer Hord, but 21 years old, walked into the death house at midnight and Hutsell, 26, followed at 12:12. Hutsell killed Mr. and Mrs. John Ditchler, Oldham county.

## BOYS IN BLUE AND GRAY TO REMAIN 'FRIENDLY ENEMIES'

Portland, Me., Sept. 13.—(U.P.)—The boys in blue and the boys in gray will remain "friendly enemies."

# Modern Coffee Expert Discovers New Flavor Producing Process!

Method Stops Loss Of True Coffee Flavor. Called Greatest Advance Of  
Coffee Industry In Twenty-Five Years.

Years of Research Rewarded

After many years of research, L. K. Watrous has discovered a method by which more of the true coffee flavor may be retained in the coffee berry. The process is one of toasting rather than roasting. He is shown here at the "cupping wheel" where "coffee tasters" test coffee.

AFTER many years of research and experiment, L. K. Watrous, a nationally known coffee expert, has recently perfected a new process for developing more coffee flavor.

The new process is said to be one of toasting the coffee berries in order to retain more of the flavor producing elements.

This discovery is said to be the first really great advance in the preparation of coffee since the industry was revolutionized by the perfection of mechanical roasting, about twenty-five years ago.

Mechanical roasting changed the preparation of coffee from a laborious household task to a specialized industry with regulated production methods.

While this was a great relief to the housewife and assured her of more evenly roasted coffee, mechanical roasting soon revealed one great fault. The fierce, penetrating heat required to roast each coffee berry to its very center, naturally "roasted out" much of the delicate aromatic flavor.

## Toasting Process Explained

When interviewed recently, Mr. Watrous explained his process by saying:

"Toasting coffee is something like searing meat. When you prepare a steak or roast, if you are not careful to cook it on both sides quickly in the beginning, you lose the juices, and much of the flavor and taste escapes in thin air. If, however, you first sear it, you produce a covering which prevents these juices from dripping out or evaporating away.

"Despite all of its many advantages, mechanical roasting, as generally practiced in the industry, lost much of the true coffee flavor in the process.

"We, who are devoting our lives to furnishing the public with fine coffee, are extremely particular about the raw coffee we use. The age of the coffee, the place where it is grown, the altitude and the rainfall, can all be detected by a coffee expert. Every bag of raw coffee I use is gradually tested, step by step, in our laboratory, down to the finished cup. It is this testing by actual taste which gives use to the name "coffee taster" by which those who blend coffee are commonly known.

"Is it any wonder that coffee tasters were discouraged when they found that, despite all of their efforts, a large portion of the true coffee flavor they had worked so hard to select never reached the coffee cup at all?

More Than 90% of the Fine Coffee  
Submitted Is Rejected

From the seven seas come samples of the finest coffees grown in the world. Preliminary examinations soon eliminates over half. Only the choicest are retained for further consideration. Only about 10% contain the choice flavor approved for "toasting." The other 90% is rejected.

Testing for Amber Clearness and Color

Fine coffee should be crystal clear—a delight to the eye as well as the taste. Mr. Watrous is here shown making one of his frequent observations to detect any variation from the standard of clearness.

"The new toasting process, like searing meat, tends to caramelize the surface of the coffee berry, to seal into each berry more of the flavor producing oils, and thus prevent their loss by evaporation.

"The more careful coffee tasters are doing everything they can to make their particular brands deliver the most true coffee flavor. Every brand of coffee, however, is a different flavor and there are said to be two thousand new brands coming on the market, and two thousand going off the market every year.

"The toasting process, I find, helps me to retain in the finest selected coffee the truest of flavor and it also develops considerably more flavor than I was ever able to obtain by the roasting process.

"Toasting does not make coffee either stronger or weaker. The strength of your coffee depends upon the quantity you use and how long you brew it. Toasting simply gives you more true coffee flavor.

"If you are a keen observer of the delicate sense of taste you have discovered that it is the amount of the flavor, the lingering mellowness of the taste which measures your delight in coffee.

"The sense of taste is the most undeveloped of our five senses. Yet it is very easy to develop a remarkably appreciative sense of taste if one will simply give a little thought to it.

"One way to test the difference between roasted coffee and toasted coffee is to taste the two, side by side, as we do in the laboratory. You must be sure, however, that the coffee pots, or the percolators, the cups and the

spoons with which you make each kind of coffee are exactly alike."

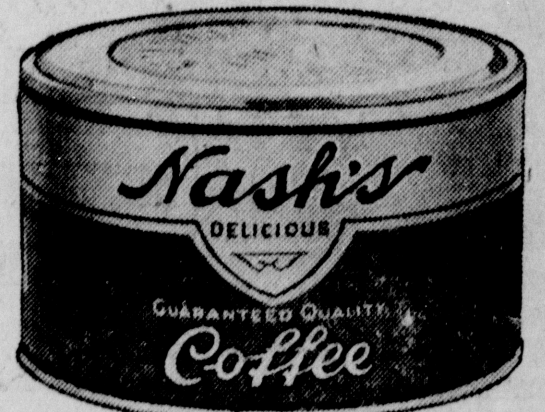

Nash's Delicious Coffee, the famous blend introduced by Mr. Watrous several years ago, has recently been renamed, Nash's Toasted Coffee. This coffee is the same Nash's Delicious Coffee now prepared by the toasting process.

## Toasted Coffee Now Given to the Public

Grocers are now supplied with Nash's Toasted Coffee and will furnish it at prices no higher than the finest grades of roasted coffee.

The public is asked to compare roasted coffee with toasted coffee. While some may not have sufficiently developed their sense of taste to detect the difference, most people have a sufficient appreciation of the delights to be found in coffee to immediately become aware of the increased quantity of true coffee flavor.

Many on tasting toasted coffee for the first time are instantly conscious of a startling new flavor experience.

This Can Identifies The Only Coffee  
Toasted By The Newly Discovered  
Process

Coffee toasted by the newly discovered process is now available to anyone who wishes to test, by their own taste, the verdict of science that toasted coffee possesses a richness of flavor and subtly of aroma impossible to coffee prepared by old fashioned roasting. Nash's Toasted Coffee is the only coffee toasted by the new process, and may be identified on your grocer's shelf by the red and gold can shown above.

Comparing the Coffee Berry

To a coffee taster, berries are like people. Give him a sample and before he is finished making his tests he will tell you where that coffee came from, the age of the coffee, the altitude at which it was grown and the relative amount of rainfall that year, at the place.

At the Cupping Table. About to Taste  
Toasted Coffee

Individual cups of coffee are prepared by the new toasting process and submitted to Mr. Watrous for tasting at the "cupping table." The many years of research which developed the toasting process are rewarded in the extent to which the true coffee flavor has been retained and the "roasting out" prevented.

## Buck Fever

AN argument the other day revolved over buck fever and whether an experienced hunter ever gets the demoralizing malady.

Frank G. Hall told this one. He and Dee Holden were members of a party of seasoned hunters out to get their quota of deer. Holden and Hall were seated near a creek bed waiting for deer to come up the runway.

A large buck suddenly flashed to view 200 feet from Hall and Holden and then marched toward them. Magnificent in his strength and general appearance, the buck so impressed the two hunters that they stared at him as though hypnotized. Gun in hand, neither hunter fired a shot.

Both, stricken with buck fever, forgot they had come out to shoot deer and concentrated their whole attention looking at the buck. When he tore away into the brush, each grabbed his gun to shoot. The spell was over and the buck was gone.

Buck fever may manifest itself in the hunter shooting recklessly, or continuing to shoot after the animal has disappeared, or in pulling the trigger of an empty gun. Of course, the novice is more subject to the attack than the seasoned hunter, but the latter is not immune.

## Drake is Taciturn

IN wild duck life it is the female of the species that does nearly all of the squawking. The drake is generally taciturn and very seldom does he "talk."

Wild geese, we are told, have an old gander as sentinel for the flock. His raucous voice stirs the flock to action when danger is near. The wild ducks maintain no regular sentries and the female quacks the alarm.

Tame ducks, according to our local historian, do a lot of quacking irrespective of sex and the line between male and female as regards taciturnity and volubility is not so closely drawn.

## Study Recreation Scientifically

BETTER recreation opportunities for the American family will be the concern of the sixteenth National Recreation Congress, which meets in Louisville, Ky., October 14 to 16, under the auspices of the Playground and Recreation Association of America.

Six hundred delegates will discuss community parks and playgrounds, sports, amateur music and dramatics, and especially the problems of leadership for public recreation.

## Where can you duplicate the style, comfort and convenience of America's finest medium-priced automobile?

When today's Oakland All-American Six was proved by comparison with twenty other cars to be America's finest medium-priced automobile, many of the points in which it displayed superiority were features contributing to style, luxury, convenience and riding ease. Oakland combines a long wheelbase with a short turning radius—and this represents a tremendous advantage. The long wheelbase results in greater riding ease and permits the use of smarter, roomier bodies. The short turning radius gives greater handling ease. Oakland's bodies by Fisher represent another important advantage. Famous for their style leadership, they provide, in addition, such convenience and comfort features as drivers' seats adjustable as you drive, easily-regulated VV windshields and side cowl ventilators.

Oakland owners take pride in the style, luxury and convenience of their cars—and in their performance and reliability as well. Come in and let us show you why this is true—and how, on every basis of comparison, today's Oakland is America's finest medium-priced automobile.

The 4-Door Sedan, Body by Fisher

Oakland All-American Six, \$1145 to \$1375, f. o. b. Pontiac, Michigan, plus delivery charges. Spring covers and Lovejoy Hydraulic Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

### Facts Which Prove Oakland Supremacy

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 873 individual comparisons were made. Of these Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars combined were at best equal to Oakland on 382 or 43.50 per cent. And 13 of the 20 were higher-priced than Oakland.

## FISHER BODY

Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 18 cars which have less-known bodies, 11 are priced above the All-American Six.

## WHEELBASE

Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

## SPRING COVERS

Only Oakland in the entire field is equipped with spring covers, according to our data, which cover 19 of the 20 cars included in the field.

## FOOT-CONTROLLED HEADLIGHTS

Only Oakland and one other car in the field offer this convenience. And the second car costs more than Oakland. Eleven more expensive cars fail to provide it.

## CROSS-FLOW RADIATOR

Only Oakland in the entire field has the Cross-Flow Radiator or anything similar to it. All other cars use the down-flow radiator, this despite the fact that 13 of the 20 are higher-priced.

# HAYMANN, GERMAN CHAMPION, IS FLATTENED BY GRIFFITHS

## FIGHT ENDS IN FOURTH ROUND OF BOUT LAST NIGHT

CHIN STOPS THE HARD FIST OF  
TUFFY AFTER 2 MINUTES, 33  
SECONDS OF FIGHTING

**GRIFFITH SHOWS REAL CLASS  
AND WAS FAR AHEAD ON  
POINTS SCORED**  
By GEORGE KIRKSEY  
(United Press Staff Correspondent)

New York, Sept. 13. — Another of those many foreign heavyweights who have been cluttering up American rings of late was ready for his return ticket to the Fatherland today.

Dr. Ludwig Haymann, heavyweight champion of Germany, went down to defeat last night when his chin stopped the hard right fist of Tuffy Griffiths after 2 minutes, 33 seconds of fighting in the fourth round of a fight that was to have gone ten rounds.

Griffiths, from Sioux City, Ia., showed the class he failed to command in his previous fights here in beating the German. He was far ahead on points when the end came and he had the German backing up from the first round.

The knockout was scored as technical. Griffiths connected squarely with his right and Haymann fell. Too stunned to realize the possible value of a count, the Dutchman rose to his feet at four, only to fall again before the lefts and rights of the Iowan. Again he rose, more slowly, and one punch sent him into the arms of Referee Jack Dorman, who stopped the fight.

It was the first fight of the indoor season at Madison Square Garden and attracted a crowd of 13,000. The supporting card was uninteresting, consisting of novice heavyweights who couldn't or wouldn't fight.

# NIMRODS PREPARE FOR OPENING OF DUCK SEASON

## 5:22 A. M. ON MONDAY IS START OF DUCK HUNTING

DUCKS AND MUDHENS ARE MORE  
PLENTIFUL THAN LAST  
YEAR

**WILD GEESE AND JACKSNIPES  
ABOUND IN LAKES AND  
MARSHES**

St. Paul, Sept. 13. —(U.P.)—Thousands of nimrods were putting the finishing touches on equipment today and planning trips in anticipation of the opening at 5:22 A. M. Monday of the duck hunting season in Minnesota.

A prediction of one of Minnesota's greatest hunting seasons was made by Joe Brickner, chief game warden of the state, who said that ducks and mudhens are much more plentiful this year than in 1928. Wild geese and jacksnipes, on which the season also opens Monday, abound in the lakes and marshes of northern Minnesota, he said.

Scores of hunters were planning to leave the Twin Cities today for one of the 17 counties in which prairie chicken and sharp-tailed grouse, as well as ducks and geese, may be taken for the next two weeks. The season on ducks extends from Monday until Jan. 1.

The season officially opens Monday a half hour before sunrise, or about 5:22 A. M. Prospective nimrods are warned that no shooting, even "for fun," will be allowed between sunset Sunday and that hour.

Meanwhile George McCullough, the state game and fish commissioner, re-

quested that all hunters secure copies of the state hunting laws, before venturing forth with their guns. He warned that the season on wood ducks is closed and asked that care be taken to avert forest fires.

The counties in which the prairie chicken season is open for two weeks are: Grant, Kittson, Marshall, Pennington, Red Lake, Polk, Norman, Clay, Wilkin, Swift, Big Stone, Aitkin, Pine, Kanabec, Morrison, Todd and Rosseau.

## Watching the Scoreboard

(By United Press)

**Yesterday's Hero—Claude Willoughby**, who stilled the bats of the Chicago Cubs with seven hits and paved the way for Philadelphia's 7 to 1 victory. Hack Wilson, of the Cubs, and Chuck Klein of Philadelphia, continued their neck and neck fight for home run honors of the league, each hitting one to bring their respective totals to 39. **The New York Giants, their eyes on**

second place, gained in the race when they defeated the Pittsburgh Pirates, 8 to 5. Fred Leach starred at the bat for New York with a single, triple and home run.

**Ford's home run in the fourth in-**

ning at Cincinnati spelled disaster for Dazzy Vance and the Brooklyn Robins for it brought home the two runs that won for the Reds, 3 to 2.

## ASK FOR NEW TRIAL IN SOO LINE CASE

Judge Torrance Takes Matter Under  
Advisement; Verdict Given  
Here for \$27,500

Judge Graham Torrance, Bemidji, has taken under advisement the motion by Soo railway attorneys for a new trial or a reduction of the \$27,500 verdict rendered by a jury here last May in the case of Moquin vs. the Soo railway, a personal injuries action.

Supporting the motion were Attorneys John E. Palmer, general counsel of the railway, Minneapolis, Boyle and Fryberger, Duluth and opposing it are Attorneys Davis and Michael, Minneapolis, and Hilding Swanson, Brainerd.

The motion was heard in Bemidji.

### Charges Wife Deserted Him

3 Months After Marriage

Milwaukee, Wis., Sept. 13.—(UP)—Charging that his wife deserted him three months after their marriage, John E. Cassell, Milwaukee salesman, obtained a divorce here from Mae Busch, film actress and star of the recent photoplay "Alibi."

The decree was granted by default, Miss Busch making no appearance. Cassell's suit was filed last June only a few weeks before the actress began a similar action in Los Angeles. She failed to press the charges however and the action was dismissed.

## BRAINERD 25 YEARS AGO

From the Daily Dispatch

September 13, 1904

The Mahlum block, one of the handsomest in the city, has been completed and has been turned over by Contractor Charles Peterson to the Mahlum Lumber Company. Mr. Peterson has again demonstrated his ability in the building line, and the mason work throughout is an example of completeness and thoroughness. He had complete charge of this work, even for the furnishing of material. Mr. Peterson is now hustling the work on the new Imperial block which will also be rushed to completion before snow flies.

The Elks band has plans on foot, which, if they mature, will give Brainerd a series of very fine Sunday afternoon band concerts. The plan of Bandmaster Sykora is to give a semi-sacred concert in the opera house each Sunday afternoon. It is the intention to give a mixed concert and the best vocalists of the city and musicians of note from out of town will be asked to assist. For this purpose the band will be greatly strengthened. Two clarinet players of note, who were with the famous 51st Iowa band, have been secured and will soon arrive in Brainerd to take position and to assist the band.

The Mississippi and Rum River Boom company, which has charge of all the logs run down the river past here has begun its annual clean-up. About a hundred men and quite a number of teams went to work here yesterday to get the logs that had floated ashore during high water back into the channel. This work has already been done below Little Falls and it will take several weeks to clean up the river from here to there. Gilmer and Welch have several teams on the work.

The "A Friend of The Family" company arrived from Duluth where the performance was given last night. They will appear at the Brainerd opera house tonight.

Acting Chief Mose DeRocher received a telephone message from Minneapolis this afternoon sent by an anxious father who was looking for his boy about 17 or 18 years of age. The father thought the boy was working in the mill. The officer told him that he would look the young man up, and suggested as a sort of pacifying remedy that the boy would perhaps

be home in a day or two; that it is getting a little frosty at nights around the corners.

### "The Last of Mrs. Cheyney"

Basil Rathbone, who plays one of the leading male roles in "The Last of Mrs. Cheyney," a Norma Shearer starring vehicle, now at the Lyceum theatre may be recalled by film fans as the Spanish dancer in Mae Murray's "Masked Bride." Rathbone is distinguished on the English and American stages and appeared in the Murray picture by way of an experiment. Norma Shearer plays the role in the picturization of the famous play which Ina Claire created on the New York stage.

## HE SUFFERED FOR TEN YEARS

Then ALL-BRAN Brought Relief in 2 Months—Doctor Recommended It

Constipation is dreaded not only for its own insidious self, but because of the many serious conditions and diseases it causes. Mr. Lind was a sufferer—but read how he found relief.

"For the past 10 years I have suffered from piles. At times I have been unable to work. I have tried suppositories, ointments, etc., but to no avail."

"Two months ago my grocer called my attention to Kellogg's ALL-BRAN. I began taking it regularly. Immediately the pain and annoyance from the piles was relieved. I found that it requires very little ALL-BRAN to give nature a fair chance to effect a cure."—WALTER J. LIND, R. 2, Box 137, Appleton, Wis.

Don't neglect constipation. At any time its poisons may take terrible toll from your health and well-being. Protect yourself. Eat Kellogg's ALL-BRAN regularly—two tablespoonfuls daily, or in chronic cases, with every meal. ALL-BRAN brings sure, natural relief. It sweeps the intestine clean and stimulates normal action.

Ready-to-eat with milk or cream. Also try the recipes on the package. Results guaranteed. Doctors recommend it because it is 100% bran. Made by Kellogg in Battle Creek. Served in hotels, restaurants, and dining cars. Sold by all grocers.

**Kellogg's  
ALL-BRAN**

If you had to fry a dozen  
chickens you wouldn't  
fry them

all  
at  
once

For the same reason,  
Hills Bros roast their  
coffee a few pounds at  
a time instead of in  
bulk. This continuous  
process—Controlled  
Roasting, produces a  
matchless, uniform  
flavor.

SUPPOSE you did try to fry  
them all at once. What a time  
you'd have cooking that tender  
meat evenly!

The right way to fry a lot  
of chickens is obviously one at  
a time. That's just the way  
Hills Bros. roast their fine blend  
of coffee. By their patented,  
continuous process—Controlled  
Roasting. Never in bulk. Only  
a few pounds at a time pass through  
the roasters and the flavor is perfectly  
controlled because every berry is roasted  
evenly.

No bulk-roasting process can pro-  
duce the matchless, uniform flavor of  
Hills Bros. Coffee. And you get all this

delicious goodness because Hills Bros.  
Coffee is sealed in vacuum tins at the  
time of roasting.

Ask for Hills Bros. Coffee by name.  
To be sure, look for the Arab—the  
trade-mark—on the can. Hills Bros.  
Coffee is sold everywhere.

## HILLS BROS COFFEE

HILLS BROS. COFFEE, INC.  
617 Washington Avenue, N.  
Minneapolis, Minn.

Fresh from the original vacuum  
pack. Easily opened with the key.

## FORMER LOCAL BOY IS CRASH VICTIM

Alfred Morken, 20, Killed Instantly  
When Car Hits Great Northern  
Ore Train

NEAR GRAND RAPIDS THURSDAY

Was Returning to Teaching Duties at  
Trout Lake; Companions  
Hurt

Alfred Morken, 20, teacher at Trout Lake, a former Brainerd boy and student at the Brainerd high school was killed almost instantly early yesterday when the automobile in which he was riding with two companions crashed into the side of an ore train standing on the railroad tracks across the Trout Lake road about two miles east of Grand Rapids. His neck was fractured by the impact.

Oscar Ahola, of Bovey, driver of the car suffered a fractured leg while the other occupant, Harold Sherman of Trout Lake was badly cut.

The accident happened soon after midnight as the party was en route from Grand Rapids after driving from Bovey. The three were on their way to Trout Lake where Morken had just recently started his second year of teaching.

The car struck the Great Northern ore train, which had just stopped to permit the night passenger train to clear the junction, with such force that the car was completely demolished. Morken was dead in the car, his body jammed in the seat in such a manner that it was difficult to remove it from the wrecked vehicle.

The victim is the son of Mr. and Mrs. Otto Morken of Bemidji. Alfred was born in Brainerd on September 20, 1908. He is the grandson of Mr. and Mrs. A. D. Peterson, 513 E street N. E.

## BRAINERD MAN

JOS. M. DAVIDSON,  
IS K. T. OFFICER

IS ELECTED EMINENT GRAND  
STANDARD BEARER OF  
KNIGHTS TEMPLAR

MINNEAPOLIS IS CHOSEN AS  
CONVENTION CITY FOR  
NEXT YEAR

St. Paul, Sept. 13.—(UP)—Minneapolis was chosen as the 1930 convention city and Jesse B. Harris of Minneapolis was elected eminent grand commander of the Knights Templar grand commandery of Minnesota at the closing session of the sixty-fourth annual convocation here.

Other officers elected included: John P. Eaton, St. Paul, eminent grand senior warden; Bennett D. Knudson, Albert Lea, eminent grand generalissimo; Chauncey C. Colton, Duluth, eminent grand junior warden; Joseph H. Davidson, Brainerd, eminent grand standard bearer, and Merion B. Lang, St. Cloud, grand captain of the guard.

## SINGS JAZZ SONG

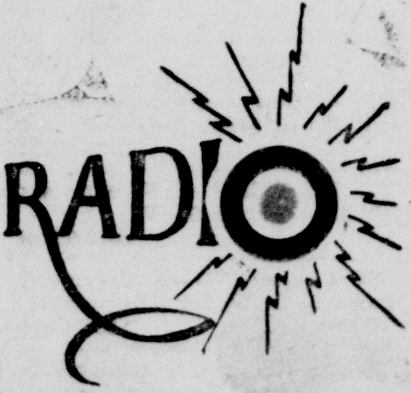

BEFORE DROWNING  
HERSELF IN RIVER

Philadelphia, Sept. 13.—(UP)—A negro girl sat on the banks of the Delaware and hummed a melody to the lilt of jazz.

Longshoremen stopped to listen to a negro singing "Ol' Man River" and applauded as the girl's voice rose hysterically in the chorus:

"Ah gits weary an' sick o' tryin'  
"Ah'm tired o' livin' and feared o' dyin' . . ."

There was a splash. The crew of harbor boat No. 1 recovered the girl's body which has not been identified.

## MANY GRAVEL ROADS ARE BADLY CUT UP

Many of the gravel roads in the Minnesota trunk highway system were badly cut up by the heavy traffic during the rain between Friday and Monday, but in most cases the maintenance forces have been able to restore them to good condition since the rain ceased, according to the weekly road condition report issued by the state highway department today.

New pavements have been opened on T. H. No. 3, between La Moille and Winona, on T. H. No. 1 between Knife River and Two Harbors, and on No. 12 between Bongards and Glencoe. There are soft shoulders and some shoulder work in progress and mo-

torists are cautioned to drive carefully. Traffic on No. 12 will be detoured between Chaska and Cologne beginning Sunday.

Reports on trunk highways in the Brainerd Lake Region follow:  
T. H. No. 2—Duluth, Brainerd, Wadena, Detroit Lakes and Moorhead—260 miles—Duluth, paved—Carlton, good—Frazee, fair—Hawley, paved—Moorhead.

T. H. No. 18—Elk River, Milaca and Brainerd—103 miles—Good.

T. H. No. 19—Brainerd, Walker and Cass Lake—93 miles—Good.

T. H. No. 27—St. Cloud, Little Falls and Brainerd—62 miles—Paved.

## NOTICE

I have opened a barber shop next to Frank's Meat Shop, 1109 Oak street. J. J. TOLL.

## UTES FOR MRS. CARON Funeral for Aged Resident to be Held Saturday From St. Francis Church

Funeral rites for Mrs. Elizabeth Caron, Brainerd lady, who passed away yesterday morning while visiting her son in Fargo, N. D., will be conducted tomorrow at 8 a. m. from the St. Francis church. Rev. Father James Hogan officiating. Interment will be at Evergreen cemetery.

Mrs. Caron was born on January 26, 1843 in eastern Canada, moving when young to Fall River, Mass., where she married John Pelkey. They moved to Minnesota in the early sixties. Twelve children were born to this union, six boys and six girls. Mr. Pelkey died in the eighties, the deceased marrying

Elie Caron in the year 1896 and living on a farm in Crow Wing county until the death of Mr. Caron nine years later.

Surviving are the following children: Mrs. Dave Flansburg, Box Elder, Mont.; Edward Pelkey, Round Butte, Mont.; Henry Pelkey, Joliet, Ill.; Mrs. Rose D. Clark, George Stillwell, Brainerd; William Pelkey, Walker; John Pelkey, Fargo, N. D.; Thomas and Henry Caron, Brainerd, also 40 grand and great grandchildren.

## WEST OAK LAWN

School opened September 3 with an enrollment of 35. Miss Caroline Seadlund is teacher.

Mr. and Mrs. William Lang Sr. and daughter Leona, Mr. and Mrs. Wil-

liam Lang, Jr., of Mankato, spent Saturday night at the John Strobel home. Mrs. Lang Sr. is a sister of Mr. Strobel.

Mrs. A. Liners was a caller at the John Strobel home Monday afternoon.

Mr. and Mrs. Edw. Langhton and son Joseph and Jean Ankney drove to Pine River Labor Day.

Everybody welcomed the rain of Sunday and Monday.

Miss Caroline Seadlund spent the week end at her home in Ironton.

Master Leonard Strobel entertained eleven of his little friends on Saturday afternoon, the event being his seventh birthday. Those present were Evelyn Nelson, Joyce and Lorraine Andrews, Warren Shepard, Wallace McKay, Robert and Arnold Liners, Joseph Langton, Gerold Ostby and Jean Cap-

Every one left wishing Leonard many more happy birthdays.

## W. ANDERSON AND BIC ERICSSON WIN

### DEFEAT ARCHER CRANDALL AND DAHLEN TO ENTER SEMI- FINALS IN TENNIS MEET

Wally Anderson and Bic Ericsson advanced in the city men's doubles tournament yesterday afternoon by defeating Archer Crandall and Clarence Dahlen, 6-3, 7-5.

Presence of rain may prevent the semi-finals match in one bracket today between Anderson and Ericsson vs. Virgil Quastrom and Ray Anderson, who defeated Al Trommald and Ellis King on Tuesday in two sets, 6-3, 6-2.

The games are being played on the Gregory Park courts.

## BILLY PETROLLE IS TO RETIRE FROM THE RING

Detroit, Mich., Sept. 13.—(U.P.)—Billy Petrolle, the veteran Fargo, N. D., lightweight, through his manager, Jack Hurley announced today that he would retire from the ring.

Petrolle took a severe lacing from King Tut, Minneapolis, a lightweight, in a ten round fight here last night. When Petrolle climbed through the ropes at the conclusion of the fight, one eye, and his lips were cut badly. He lost all but the fifth and seventh rounds.

Hurley told newspapermen that Petrolle "has been too good a fighter to take the down grade, and will quit now."

## HELEN HICKS IS WESTERN WOMEN'S GOLF CHAMPION

Chicago, Sept. 13.—(U.P.)—Helen Hicks, Long Island star, was the western women's golf champion today. Miss Hicks, competing with a field of the best women golfers in the country, negotiated our rounds over the Flossmoor Country club course in 320.14 strokes ahead of her nearest rival, Miss Virginia Van Wie of Chicago.

# Now we can supply you with Gold Medal "Kitchen-tested" Flour

"Kitchen-tested" for every  
baking purpose—cuts  
baking failures in half

We have just received a shipment of Gold Medal "Kitchen-tested" Flour—the famous all-purpose flour that is "kitchen-tested" for breads, pies, pastries, cakes—every recipe that calls for flour.

### What the "Kitchen-test" means to you

You know that there is only one sure way to tell how a flour will "act." That is to actually bake with it in the oven.

And that is the famous Gold Medal "Kitchen-test."

Betty Crocker and her assistants bake with samples of every batch of flour—before it is allowed to enter your home. They bake hot-breads, pies, cakes—everything. They prove beforehand that the flour you use will act right in your oven. Hence, Gold Medal "Kitchen-tested" Flour cuts baking failures in half.

### Try at our risk

Now it is needless expense to have so-called "special" cake and pastry flours. For, Gold Medal "Kitchen-tested" Flour serves for every baking purpose.

Try a sack at our risk. If it does not always give uniformly perfect baking results, return the unused portion of the sack to us. We will refund the full purchase price.

Can you think of a fairer offer? We can't. Order a sack today.

# —and Gold Medal Feeds with a money-back guarantee

We also carry Gold Medal Dairy and Poultry Feeds. These feeds are scientifically prepared. They are guaranteed by the largest millers in the world—to give complete satisfaction or money back. Order from us. If any sack does not give complete satisfaction, return the unused portion. We will refund the full purchase price.

Gold Medal Vitamin Dairy Ration—a balanced ration for your cows. Rich in vitamins and other milk-producing food values. Makes more milk, per pound of feed, than any other feed in the world.

Gold Medal Chick Starter—specially made to get Baby Chicks started right. Easily digested. Builds up resistance to fight off white diarrhea. Makes bone and solid meat.

Gold Medal Chick Feed—a specially prepared Scratch Feed. Keeps chicks exercising and eating. Builds healthy, hardy, vigorous birds.

Gold Medal Growing Mash (with dried buttermilk)—makes chicks grow like mushrooms. Builds up tissue, bone and muscle. Supplies health-giving energy.

Gold Medal Developing Feed—to give your chicks after they are six weeks old. Builds up bone and muscle. Promotes rapid development. Cost is small.

### Gold Medal Egg Mashers

These are scientifically prepared Egg Mashers to promote egg laying of your hens. Makes your hens lay more eggs on less feed, hence the most economical feed to use.

Positive egg producers, supplying proper minerals, vitamins, highly digestible carbohydrates and fats. The more of these mashers eaten by hens the greater the egg record. They'll be better eggs too. Finer flavored with stronger shells.

### BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the Matter of Duffy Archibald, Bankrupt, in Bankruptcy No. 4105.

To the Honorable William A. Cant, Judge of the District Court of the United States for the District of Minnesota:

Duffy Archibald, of Crosby, in the County of Crow Wing and State of Minnesota, in said District, respectfully represents:

That on the 10th day of September, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

WHEREFORE HE PRAYS that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankrupt Acts, except such debts as are excepted by law from such discharge.

Dated this 10th day of September, A. D. 1929.

DUFFY ARCHIBALD, Bankrupt.

Order of Notice Thereon

United States of America, District of Minnesota, ss:

On this 10th day of September, A. D. 1929, on reading the foregoing petition, it is—

ORDERED BY THE COURT, that a hearing be had upon the same on the 2nd day of November, A. D. 1929, before said Court, at Duluth, in said District, at ten o'clock in the forenoon; and that notice thereof be published in The Dispatch, a newspaper printed at Brainerd, in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the Court, that the Clerk shall send by mail, to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS the Honorable WILLIAM A. CANT, Judge of said Court, and the seal thereof, at Duluth, in said District, on the 10th day of September, A. D. 1929.

JOEL M. DICKEY, Clerk.

By J. C. HERMAN ENGL, Deputy Clerk.

(Seal of the Court)

### ORDER LIMITING TIME TO FILE CLAIMS FOR HEARING THEREON

No. 3306

State of Minnesota, County of Crow Wing, ss., in Probate Court.

In the Matter of the Estate of Peter Wicklund, Decedent.

Letters of administration of this day having been granted to Anna Wicklund, and an affidavit of no debts having been duly made and filed herein:
